

For 100 Days

Struggling artist Avery Ross is barely scraping by. Bartending at a trendy New York City restaurant for an overbearing boss and two weeks away from losing her apartment to a condo developer, she's desperate for a break. So when she's offered a temporary housesitting job, she takes it. Living at one of the poshest addresses in Manhattan is like entering a new world—one that catapults her into the orbit of billionaire Dominic Baine, the darkly handsome, arrogantly alpha resident of the building's penthouse. What begins as a powerful attraction soon explodes into a white-hot passion neither can deny. Yet as scorching as their need for each other is, Avery doesn't expect Nick's interest in her to last. Nor does she dare to dream that the desire she feels for this scarred, emotionally remote man could deepen into something real. For Avery has secrets of her own—and a past that could destroy her and shatter everything she and Nick share.
