

Animals in Fruit and Vegetable Costumes: Monkey/Banana

I created these quirky creatures for a friend. She was having her first baby and didn't want to know the sex because she, didn't want any girly s###. So I decided to knit some fun animals with fruit and veggie costumes. The animals are about 8 long (from the top of the head to the bottom of the feet). The fruit and veggie costumes are interchangeable. All the animals can wear all the costumes! Here you will find the patterns for the monkey and banana costume. Enjoy!
