THE WHITE AMAH: Will a cheat and a liar get what she deserves? Rock and roll royalty, Crystal Brooke has everything she always wanted ~ MONEY, FAME, POWER. At thirty-five she is the public face of an international childrens fund. As she watches a commercial announcing the nations favourite entertainer is adopting twin boys from Somalia, she feels uneasy. At eighteen, she sold her baby to a shady adoption agency. Back then, she figured a child would ruin her chance of making it big. Right now if shes exposed, she can kiss her million dollar sponsorship deal goodbye. On the other side of the world the Lings, owners of the largest and most rapacious logging company in Malaysia are on their way to London. Their maid, an abused orphan, has no idea she has a date with destiny. Ahhh...you gotta love Karma.
