

## Tegne: The Killing Blow (Tegne) (Volume 2)

Richard La Plante's engrossing fantasy-fiction saga Tegne: Soul Warrior continues with Book Two, Tegne: The Killing Blow. In the first volume, Tegne, Warlord of Zendow, has successfully faced the test of the heart and slain the Beasthis lover Neeka. Yet, now, Neekas spirit has returned to torment Tegne, plaguing him with visions of a post-cataclysmic land of glass and steel and an ominous presenceThe Warrior. Fans of the first volume will definitely want to continue the journey with Book Two; however the sequel also stands completely on its own. Volume Two is set in the not-too-distant future after the polar ice has melted, causing catastrophic changes to Planet Earth. In Tegne: The Killing Blow, Richard La Plante skillfully weaves a plot of intrigue that transcends known dimensions and realities.
