

A Fathers Son

When his mother is arrested in September 1988, 14-year-old Justin Maloney is left with no choice but to move in with his estranged father. Rick Maloney wants to be a caring, responsible parent to his only child, but he soon loses his way and begins a steady descent into darkness that will force him to confront old demons. Infused by the same prose and pop culture that would define a generation, *A Fathers Son* is a rich tapestry of voices, a deeply affecting story of how the anti-heroes in life can sometimes be our strongest drivers for growth.
