

A Fine Balance

Set in the mid-1970s in India, *A Fine Balance* tells the story of four unlikely people whose lives come together during a time of political turmoil soon after the government declares a State of Internal Emergency. Through days of bleakness and hope, their circumstances - and their fates - become inextricably linked in ways no one could have foreseen. Written with compassion, humour and insight, *A Fine Balance* is a vivid, richly textured and powerful novel by one of the most gifted writers of our time. A masterpiece of illumination and grace. Like all great fiction, it transforms our understanding of life. Guardian
