

## A Light in the Dark (The Fallout Series Book 2)

On stage, Tish Ransome sings about heartache and passion, betrayal, and about love gone wrong but she knows very little about any of it in real life. The rockstar princess who swears like a pirate literally is loved and adored by family, friends, and fans alike, and her world is filled with good things, her future bright. Behind the scenes, however, trouble is brewing. When Tom, her best friend and co-founder of the Marauders, tells her he's leaving the band after graduation, Tish must find a new wingman to step into Tom's hard-to-fill shoes. The moment she hears Sebastian Jeffries play, she knows he's the one. Yet with Sebastian comes a taste of the things Tish only writes about, and she can't resist the lure of the tortured artist. Sebastian, likewise, is drawn to Tish's brilliance, but like a moth that hovers too close to the flames, is he killing himself just to be near her? Can Tish save Sebastian before it's too late, or will he pull her down into the darkness with him?
