

Valley of Darkness (Fields of Elysium, #2) (Volume 2)

What if we were not alone in the universe? What if your boyfriend were a supernatural alien? What if you had to choose between two worlds? After months of amazing adventures and secrecy, Molly and Victor find peace in each others arms. Adams memory has been erased. The secret of the Arkanians is safe. Life couldnt be more perfect. But Molly is robbed of her short-lived happiness when a devastating tragedy strikes her family, shattering her entire existence. Faced with a terrifying future, she feels that there is nothing left for her on Earth but an insensitive aunt and her little brother, while Arkana promises a place where she might find happiness and purpose again. Victor tries to convince Molly to move to his village in Arkana, where they can live together in secret. But Molly refuses to live in the shadows. She wants to be a Sentinel and join the fight against the Terrakas. But getting into the Academy requires more than a pretty face.
