

## Adolf in Wonderland

In an alternate version of the future where Hitler had conquered the entire world during WW2 and developed society into his vision of utopia, an SS officer is on a mission to find and exterminate the last imperfect human on Earth. Following his trail leads the young Nazi to a small town hidden in the middle of the desert, a place that has been cut off from society for so long that it has developed its own strange and disturbing culture. Thus begins Mellick's dreamlike adventure that takes a young descendent of Adolf Hitler's design and sends him down the rabbit hole into a world of imperfection and disorder, where even the laws of reality itself don't seem to apply. A tribute to both Franz Kafka and Lewis Carroll, *Adolf in Wonderland* is a perfect read for fans of the bizarre genre.
