

## The Aeneid (Annotated) (Illustrated)

The Aeneid is the story of Aeneas, a Trojan and a survivor of the Trojan war and the sacking and burning of the city of Troy by the Greek invaders. Aeneas the Trojan hero is mentioned in Homer's story of The Iliad. Where Aeneas is said to be a favorite of the Goddess Venus. Now in his own epic tale Aeneid is the founder of the village that would one day become the mighty city of Rome. Centuries later the famous Roman warlord Julius Caesar would claim Aeneas (along with the goddess Venus) as one of his ancestors. Publius Vergilius Maro who wrote under the pen name Virgil (October 15, 70 BC – September 21, 19 BC) was a classical Roman poet, best known for three major works: the Eclogues (or Bucolics), the Georgics, and the Aeneid although several minor poems are also attributed to him. The son of a farmer, Virgil came to be regarded as one of Rome's greatest poets. His Aeneid can be considered a national epic of Rome and has been extremely popular from its publication to the present day.
