

An Unexpected Encounter: The Wilkins (Book 2, Contemporary Romance)

Second book in The Wilkins companion novel series. Entrepreneur Zachary Wilkins doesn't see himself as a brother to his younger cousins like they have considered him to be. He feels indebted to his aunt and uncle for adopting him and officially making him a member of their family. When he encounters Shaina Hayes, he wants her just as much as she wants him. Seeing her, for a second time, at his cousin Aaron's wedding stirs emotions in him that he can't shake and further fuels his desire for her. Shaina Hayes has had two rules since moving into Bloomfield Township, Ohio; work hard and keep to herself. One night, however, she goes out to celebrate her new job. A tall, handsome man catches her eye and the attraction between them unravels into an explosive night of passion. A night that she relives in her mind and vows to herself to never repeat again.
