

Jewel: Entrepreneur, Fabulous and... Single a Novella

JEWEL Jewel Davis is an accomplished single forty something black entrepreneur. She is the owner of En-Naptured. A natural hair care line for black women. She has all the money she will ever need or want; but one thing escapes her: Love from a man who is worthy of her. For years she stepped out of the dating world after two long time boyfriends broke her heart. Tired of the head games and unnecessary drama; she spent years working on her company and fortune to compensate what was lacking in her personal life and thought love and the capacity to love had passed her by until she met Trent, a handsome successful younger man who intrigued her. He owns his own accounting firm and by outward appearances he is everything she wants. Does she lose her head and heart again? Or does she give him a chance to prove himself worthy of her?
