

## Six Scary Tales Vol. 4: Creepy Horror Stories

Six atmospheric, creepy, unsettling horror stories by Rayne Hall. Volume 4 contains these stories: The Devil You Know, Greywalker, Prophetess, Each Stone A Life, By Your Own Free Will, The Bridge Chamber. The flavour of the horror stories in the Six Scary Tales series is suspenseful and creepy rather than violent and gory. However, they contain some graphic elements and may be disturbing. They are not recommended for young readers without parental guidance. Many of the stories have been previously published in magazines, ezines, collections and anthologies.
