

As Deep as the River Flows (Ben Book 2)

A book of three stories, the story As Deep as the River Flows is the grand finale to the novel Ben. In this book the reader discovers what happens when trust is broken and an untimely tragedy strikes. With even more adventures on the land, at the Rodeo, and in romance this story stands alone as well as being a brilliant conclusion with a twist. Foreign Fields: Another story with its roots planted firmly in the country and following the life of an upstanding who have lied on their farm for generations. But there is a secret being kept.... Who will put the pieces together? Who already knows? The Trolley Guy: Set largely in an underground car park, this story is quite different to the other stories in the book. Car racing on a back road, a family business, two unlikely thieves and when body meets concrete, be prepared to let your imagination run wild.... ***** Ben was pleading, but Cora could not forgive. The argument escalated. Cora did not know if she wanted to cry or scream or find something to throw. Ben took a hold of her. Ill get help, he said. But Cora could not trust him. All the trust he had rebuilt was gone, more so even than the first time she had discovered his problem. She felt like such a fool. Let go of me, she cried, wrestling to break free. * Good boy, Coby said speaking softly to the horse. Nait watched. Gee his mane is messy, he said looking at the thick tangled and knotted hair that stretched down almost to the top of the geldings leg. Tye grinned, Thats from the witches riding him at night, he told the two boys. * Late that afternoon, black clouds rolled over. A chilly breeze blew across the grounds, and the competitors all prayed that the rain would hold off until the last ride. ***** Sunshine now filled the halls of the house that had been growing ever duller with time, and its name was young Callen, Joshua, Mc Cray, only three months old and already, with his life planned out

before him by Lou, a man who now saw a promising future ahead once again. * Oh, the pair gasped as Callen turned and grabbed for a towel to cover himself. But now, it was too late. For them both, in a moment of accidental discovery, they had brought to the surface a truth that had been hidden, even to themselves. * Callen was covered in dust and grease, the hot sun beat down on him and a line of sweat ran down the back of his shirt. His body was lean and grew more wiry every day it seemed to Jennifer * Callens mind shifted back now to the reason he had made the walk across the lawn. That cherry roan filly running with the other yearlings, he said. Shes lovely isnt she? Mrs Thomas interrupted though she had sat in silence for most of the conversation up until now. She is that, Callen said glancing firstly at Mrs Thomas then back to the floor nervously before he continued. I take it that you will be breaking her with the rest of them this spring? ***** From the depths of the haunting underground - below Woolworths, below Franklins, below the clothing and speciality stores, rising slowly up the long narrow escalators he came. Dressed in blue, a black cap on brown hair, blue eyes on a handsome face, a heavy load against his broad shoulders - THE TROLLEY GUY! * Rebecca gasped and went rushing toward the trolleys now lying on the ground. An elderly man, emerged from the car now parked half out of its space. He was shaking and did not know what to do. And there was Luke, lying silently on the concrete * the garden showed no sign of rain, Rebecca almost choked on the juice she was drinking. How could it be? It had poured down last night and her coat now hanging in the bathroom was still saturated.
