

Bad Medicine

After a few years in Folsom Prison, Will Lewis didn't have much left except his dream of joining his brother, Hiram, in West Texas to run a cattle ranch. But even before he made it to Hiram's ranch, he heard the news: Hiram, his wife and twin daughters had been murdered by rampaging renegades, led by the notorious, bloodthirsty One Dog. Will has a new plan now: Revenge. He won't rest until he tracks down that pack of killers and makes them pay, one by one. One Dog's gang may be madmen and murderers, but they won't be able to keep Will from his ultimate goal: One Dog himself.
