

Beasts of Burdin

Demon hunter Ty Burdin hung up his guns, knife, trench coat and fedora a year ago. Bags packed, hands washed of all demon politics, hes done. Forever. In fact, to get far far away, he dragged Nora, his rockabilly secretary, from Miami to the Tennessee mountains where hes lived a life of peaceif peace can be defined as drowning in scotch and taking private eye jobs to keep the lights on. Jobs for real people. Not demons. No demons. Hes retired from that. Remember? Demon hunters arent a dime a dozen, though, and when Tys brother asks him for a favorjust onewhats a brother to do? Agreeing to take down one hillbilly demon shouldnt take that long. In. Decapitate. Out. Favor complete. Back to the office where Nora and his bottle of whiskey are waiting. Unfortunately for Ty, staying retired doesnt seem to be in the cards, and an avalanche of bad luck draws him right back to an agency he despises and the career that nearly cost him his sanity. This time, Ty has no way out and will have to face his own demons just to survive.
