

The Armageddon Box - A Novel

This is a Limited, Numbered, Slipcased edition of 400, signed by author Robert Weinberg and illustrator Stephen E. Fabian. According to the authors postscript, this theologically-inspired tale of horror is partially based in fact: Unlike most secret religious orders featured in recent novels of horror and suspense, the Circumcellions [of this novel] actually existed. Interested readers are referred to the history of the Donatist movement for more information. 223 pages.
