

Oh-Ho-Ho

Oh-Ho-Ho is the story of six New Yorkers pursuing their graduate degrees far from the Upper West Side, all the way out in Ohio, which they sardonically nickname Oh-Ho-Ho. Through the lens of their complex relationships, both romantic and platonic, as well as some spectacular bad decision making, author Burton Raffel captures the essence of what it feels like to be in your late twenties and technically a grown up, while painfully aware that you are in reality still only hovering on the cusp of adulthood.
