

Black Camelot

Germany 1945 the dying days of Hitlers Third Reich and a Waffen-SS commando captain, betrayed by his own side, goes on the run with a list of western traitors and Nazi sympathisers unknowingly acting as a pawn in a last-ditch plot to drive a wedge between the invading Allied nations. To prevent a split with the Russians, British Intelligence must destroy the original list hidden in Wewelsburg Castle in north Germany, the headquarters of Himmlers SS and modelled on King Arthurs Camelot. Who better to lead a suicidal attack on an SS castle than a rogue SS commando?
