

Cowboys of Courage Trilogy

COWBOYS OF COURAGE TRILOGY Each story in this trilogy is a full-length, stand-alone novel of 50,000 words. Cowboys of Courage is a series of modern western romance stories and is recommended for readers who enjoy contemporary romance with a touch of COWBOY. Book One Courage to Follow Apparently, there would be no peace for Garrett Woodward, though he lived on the top of the mountain outside Courage, Montana. But Garrett gets shoved into the role of sheriff when Courages 20-year veteran sheriff goes missing, only to then be blamed for his murder. For a man as well liked as Garrett, hes floored when the entire town turns against him and refuses to search for more clues. But Shakota Clearwater welcomed the opportunity to explore life off the Crow Nation reservation. She longed for more excitement in her life. Of course, she wasnt counting on intense attraction and perhaps a connection soul deep between her and Garrett Woodward to be one of those experiences. But Shakota has to decide where she belongs before she can give her heart away to a man she doesnt think she can live without. Book Two Courage to Believe It seemed that every time Lucas Graham got a little ahead, something threw him back three steps. With financial problems beyond his control and a ranch hes only just begun to build, the coordinator of Treasure County Search and Rescue in Courage cant catch a break. Just when he thinks hes solved his problems, another arises. Its always a girl, and this one is in a race against time. Gritting his teeth, he heads out into the storm fearlessly, prepared for the worst... or so he thinks. This time, though, the challenge is beyond his experience, and he might be bested. With her life just beginning, Gillian Grayson simply chose to visit her aunt and uncle up on the mountain in Courage. She wasnt the most accomplished rider, but

with a trustworthy horse, she didnt count on getting thrown and destroying her ankle. A storm is brewing, and she cant hike back to the ranch. Shes at the mercy of anyone who might think to look for her. But with her independent streak and a desire to go home and live her dream, she might not have the courage to be truly found. Book Three Courage to Fall Leah Evans might live in Courage, MT but right now she didnt feel courageous. In one day her whole life was crumbling like a dry cupcake. For 15 years shed worked at Daisys diner and hoped to own it someday just like Daisy wanted. But the elderly ladys sudden death leaves a will with a giant gap the diner would go to the grandson from Manhattan, along with everything else. Now Leah has no job and no way to pay her bills -- unless she can convince Mr. New York to let her keep managing the hometown diner. Easton McClendon hadnt see his grandmother in years, not since his parents death. He doesnt have time to waste on small town legalities not when he has a thriving business in New York. The only bright spot in the whole situation is the beautiful diner manager, Leah. And when she offers to help him sort through his grandmothers antiques to ready them for auction, he cant find a reason to say no. As the hours pass, Easton and Leah cant stop their growing attraction to each other. Can love unfold when two people have such different ideas? And will they have the courage to let go and fall in love?
