

## Claire's Diary: A prequel to Bring Me Back (Forever Book 4)

Claire Abby is like any other seventeen-year-old girl in 1986. The boys in The Suburbs, MN are the pits, school is entirely too much work, and her snotty, lipgloss-wearing nemesis has the locker next to hers. The only thing that can save her from her miserable existence is her best friend, Jane, and her favorite band in the entire world, Banks Forest. Their music is the ultimate escape and their guitarist, Christopher Penman, is the ultimate imaginary boyfriend. A real boyfriend seems as likely as the A Honor Roll until Tommy B, a boy she never thought about twice, actually seems to like her. Sort of. Sometimes, he's a jerk. Other times, he's as sweet as can be. Christopher Penman, however, is always sweetsmiling from the posters on her wall, telling her everything will be alright. When Claire discovers Tommy has a secret, she learns that the only truly safe place is with Christopher, even if it's only in her dreams. Claire's Diary is one of two prequels to Bring Me Back. The second is Save a Prayer. Although there are not explicit love scenes in this book, and it is written about 17 year-old characters, it is intended for readers 18 and over. This book is best enjoyed after you have read Bring Me Back and the sequel, Back Forever. Trust me on this--you'll appreciate it more.
