

## Moby Dick (Vintage Classics)

When Ishmael sets sail on the whaling ship Pequod one cold Christmas Day, he is clueless to the horrors that await him on the vast and merciless ocean. The ship's strange captain, Ahab, is in the grip of an obsession to hunt down the famous white whale, Moby Dick, and will stop at nothing on his quest to annihilate his nemesis. Considered a failure during Melville's lifetime but now hailed as a classic American novel, Ishmael's story combines symbolism and philosophical debate with gripping adventure narrative in an uncanny and unforgettable fashion. An extract from Narrative of the Most Extraordinary and Distressing Shipwreck of the Whale-ship Essex by Owen Chacewich inspired Melville's own story is also included.
