

Bracebridge Hall or the Humorists

Bracebridge Hall Or The Humorists

Washington Irving

Excerpt from Bracebridge Hall, or the Humorists I am aware that I often travel over beaten ground, and treat of subjects that have already been discussed by abler pens. Indeed, various authors have been mentioned as my models, to whom I should feel attened if I thought I bore the slightest resemblance; but in truth I write after no model that I am conscious of, and I write with no idea of imitation or competition. In venturing occasionally on topics that have already been almost exhausted by English authors, I do it, not with the presumption of challenging a comparison, but with the hope that some new interest may be given to such topics, when discussed by the pen of a stranger. If, therefore, I should sometimes be found dwelling with fondness on subjects that are trite and commonplace with the reader, I beg that the circumstances under which I write may be kept in recollection. Having been born and brought up in a new country, yet educated from infancy in the literature of an old one, my mind was early filled with historical and poetical associations. Connected with places, and manners, and customs of Europe; but which could rarely be applied to those of my own country. To a mind thus peculiarly prepared, the most ordinary objects and scenes, on arriving in Europe, are full of strange matter and interesting novelty. England is as classic ground to an American as Italy is to an Englishman; and old London teems with as much historical association as mighty Rome. Indeed, it is difficult to describe the whimsical medley of ideas that throng upon his mind, on landing among English scenes. He, for the first time, sees a world about which he has been reading and thinking in every stage of his existence. The recollected ideas of infancy, youth, and manhood of the nursery, the school, and the study, come swarming at once upon him; and his attention is distracted between great and little objects; each of

which, perhaps, awakens an equally delightful train of remembrances. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
