

## Breaking into Prison

Trudie Youngblood, a successful author with a movie franchise based on her award winning novels, had everything; fame, money, and a wife who loved her. Then the unthinkable happened. Her wife was murdered leaving Trudie so devastated that she became a shut-in. Unable to leave the confines of her home, she lives with her dog and cat, allowing very few people into her inner-circle. Annie Nichols is the service tech for the ultra-modern building where Trudie lives behind her lock door. A routine work order introduces Annie to the reclusive writer and opens up a world of love and danger. Annie, a reservist in the Air Force Military Police, must use her skills to discover the identity of the stalker who has caused the beautiful author so much pain.
