

Largent (French Edition)

Emile ZOLA (1840-1902), ne a Paris, de pere italien, un ingénieur de travaux publics, et mere française. A consequence du decès du chef de famille, l'orphelin, fils unique, et la veuve, connaissent des graves penuries économiques, jusqu'à ce que le jeune Emile entre en contact avec Louis Hachette, qui le recrute comme commis dans sa librairie le 1er mars 1862. Il considère dès son plus jeune âge la lecture comme sa véritable vocation. Ses amis d'enfance Paul Cézanne et Jean-Baptiste Baille sont ses premiers lecteurs. Zola est considéré le chef de file de l'école naturaliste française. Il avait été influencé par les théories contemporaines de l'hérédité et la science expérimentale. Le premier volume, *La Fortune des Rougon*, de son œuvre principale, *Les Rougon-Macquart*, est présentée comme une histoire naturelle et sociale d'une famille sous le Second Empire. Le résultat est un panorama du style de vie français, particulièrement de la classe moyenne et ouvrière, pendant le XIXe siècle, fait avec une documentation rigoureuse et systématique et focalise sur le vice, la misère, les instincts et les appetits humains. *L'argent* (1891) Dix-huitième volume de la série *Les Rougon-Macquart*. Présente le monde de la spéculation financière et révèle une solide documentation dans la matière, puisant son inspiration dans les scandales de l'époque, le scandale Panama, la faillite du Comptoir national d'escompte de Paris, ainsi que celle de l'Union Générale. Corruption politique et financière en parfaite collusion, un thème qui donne une cuisante actualité au roman.
