

The League of Night and Fog: A Novel

Two brilliant operatives known as Saul and Drew are drawn together to solve a baffling mystery: Why have ten elderly men from around the world been kidnapped? As the agents investigate they are pulled into a violent cycle of revenge that stretches back to World War II and is now forcing sons to pay for their fathers darkest sins. David Morrells international thrillers have no equal. From the Vatican to the Swiss Alps, from Australia to the heartland of America, The League of Night and Fog brings together two generations bound by one chilling legacy.
