

Works, Vol. 1 of 3 (Classic Reprint)

Excerpt from Works, Vol. 1 of 3
The present volumes are the first instalment towards a collective edition of the dramatists who lived about the time of Shakespeare. As the series is intended neither for school-boys nor antiquarians, I have avoided discussions on grammatical usages, and I have not preserved the orthography of the old copies. In Elizabethan times orthography followed the caprices of the printer. I desire to acknowledge in the fullest and frankest manner the obligation under which I lie towards the late Mr. Dyce. Perhaps it will be thought that Mr. Dyce's name occurs too frequently in the notes to the present volumes. In many cases the emendations he proposes would naturally suggest themselves to any sensible reader; but I was unwilling to incur the suspicion of having furtively appropriated my predecessors' notes.
