

Canton County Cowboys Trilogy

CANTON COUNTY COWBOYS TRILOGY Each story in this trilogy is a full-length, stand-alone novel of 50,000 words. Canton County Cowboys is a series of modern western romance stories and is recommended for readers who enjoy contemporary romance with a touch of COWBOY. Book One A Cowboy Worth Loving Lucy Lancaster became an attorney to fight the injustices she saw happen to her father when she was just a little girl. She has dedicated her life to doing what she can for those in need. When she volunteers to help on a case involving a wealthy, callous neighbor and the state of Texas joining forces to take land away from struggling brother-sister ranchers, Kayla and Gavin Walker, she pushes her professional limits. Kayla is sweet and easy to work with. Gavin is suspicious and rude... and the most drop dead gorgeous cowboy Lucy has ever laid eyes on. Gavin Walker grew up on Salt Cedar Ranch. He left home at eighteen for college in the city and found out that people aren't always what they seem. When the justice system turned its back on him, he spent five years paying for a crime that never happened. Now that he's back home on the ranch, his neighbor and the government are joining forces to take away the only thing he truly trusts: his land. Lucy Lancaster, the sexy, beautiful, smart attorney from the city wants to help, but why? Gavin doesn't want to trust her, but he's inexplicably drawn to her. The attraction between these two cannot be ignored, no matter how hard they try, but will they realize it before it's too late? Book Two Dare to Love a Cowboy A Chicago journalist meets the challenge of her life when her story leads her to the secrets, the temptations and the dangers of a lucrative Texas ranch. Paige's pen is as sharp as her mouth and even sharper than the corners on her hipster glasses, but when her fiery temper and her hunger for the truth lands her face to face with unemployment, she

will do anything to keep her job... even spend three months on a Texas ranch. Everett, the no-nonsense, natural-born leader; the rockstar rancher and expert horseback rider, is less than thrilled to find out he will be hosting a city-slicker for the whole summer, and determined to make her life as hard as possible. Paige is certain to be miserable for the entire time and Everett can bet on her quitting in the first week, but both of them are in for a surprise when they find themselves drawn to each other like the opposite ends of two very volatile magnets. Book Three Captivated by a Cowboy Carissa survives a childhood tragedy that shapes her life forever. She refuses to allow the grim memories to control her and when the opportunity arises to help similar victims, she can't refuse. Still, meeting those challenges means getting out of her comfort zone and onto the back of a horse. An invitation to visit the Easy R Ranch puts her in the path of no-nonsense cowboy Trey Montgomery. Fighting a few demons of his own, the tempestuous and sexy Trey isn't looking for romance but he can't deny his attraction to Carissa. Her beautiful face and kind spirit could be the perfect combination that unlocks his heart.
