

Code of Silence: A Novella Based on Characters from Next to Die (Navy SEAL Team Twelve)

Ophelia Price is keeping big secrets from her Navy SEAL husband. If Vinny knew she was pregnant, he might hinder her efforts to expose the corrupt lieutenant governor of Pennsylvania, a man intent on keeping his criminal actions hidden and buried in the past. Sniffing out corruption is what Ophelia does best. Becoming a mother? That's a job she feels unfit to fill. But when her target catches wind of her intent and Ophelia becomes his prey, she realizes too late what she values most. It's not until his wife goes missing that Vinny discovers she's kept him intentionally in the dark. He never would have imagined she'd betray his trust so deeply, jeopardizing everything he holds dear. Can he forgive her, or will Ophelia pay the ultimate price for deceiving her soul mate?
