

## Colonel Quaritch, V.C. (H. Rider Haggard Collection)

Dodo Collections brings you another classic from H. Rider Haggard, Colonel Quaritch, V.C. This is not a typical adventure book yet it is full of mystery and intrigue including a coerced marriage, bigotry, adultery, murder and a buried treasure! This is the tale of an ancient familys struggles to survive, one womans selflessness and anothers evil schemes; Two Gentlemen, two scoundrels and one very underestimated, loyal servant. Listen as the tale unfolds and guess where the treasure is hidden that can save them all! Sir Henry Rider Haggard was an English writer of adventure novels set in exotic locations, predominantly Africa, and the creator of the Lost World literary genre. His stories, situated at the lighter end of the scale of Victorian literature, continue to be popular and influential. He was also involved in agricultural reform and improvement in the British Empire. His breakout novel was King Solomons Mines (1885), which was to be the first in a series telling of the multitudinous adventures of its protagonist, Allan Quatermain. Haggard was made a Knight Bachelor in 1912 and a Knight Commander of the Order of the British Empire in 1919. He stood unsuccessfully for Parliament as a Conservative candidate for the Eastern division of Norfolk in 1895. The locality of Rider, British Columbia, was named in his memory.
