

## Comrades

High summer in Helmand Province, Afghanistan. Two young soldiers, Milo and Zac, are on a mission which could really make their names. Their special duties team is to ambush and capture a notorious Taliban leader. The operation has been meticulously planned and set up. But suddenly - all is chaos. The hunters are now the hunted. To reach safety they must make their way through fifty kilometres of hostile territory, with a Taliban captive and a young, frightened woman in tow. Perilous at every turn, the journey is the biggest test any of them has ever faced, and it will change their lives forever.
