

Pop: Position of Power

From the mind of National Bestselling Author Tremayne Johnson - Three friends, Kadeem, Cuba and Jahlil risk their freedom to attain street credibility. Knowing the outcome of their lifestyle is either death or jail, they set their sights on taking over the music industry. But little did they know, the streets and the rap game are one in the same. Jealousy, dishonesty and murder go hand in hand and when it hits the fan, its going to POP! When its all said and done, who will be in a Position of Power? Hip-Hop fiction in its truest form! Raw, uncut, street certified, hood approved!
