

Tempting Her Limits: (Verboten Series: Book 1) Billionaire Stepbrother Romance

Emma Matthews feels humiliated. She hasn't been with a man since the devastating betrayal of her college boyfriend. That is, until she meets Hunter Pearson, an extremely wealthy businessman hosting a charity auction. And Hunter is gorgeous. He's charming, confident, and funny—not to mention a fantastic cook. She'd give Hunter everything in an instant, and she wants to. She just doesn't want this relationship to end up like the last. But there's something neither Emma nor Hunter knows that could make it end even worse. The Verboten Series is a scorching three-part serial (like a TV show). It features a powerful billionaire businessman and steamy romance between step-siblings. Be sure to start with Book 1, Tempting Her Limits! Each installment is approximately 15,000 words.
