

Bilbao & the Basque Lands, 2nd (Country & Regional Guides - Cadogan)

Cadogan celebrates the city of the millennium! Bilbao has undergone an amazing rejuvenation in the past few years, becoming an international center of art and culture, and its tourist industry is booming. A new airport terminal and improved public transport have helped make the city and surrounding area a more appealing and convenient destination for travelers. El Gugg, as the Basques call Frank Gehrys titanium wonder, was meant to attract attention, and it has succeeded beyond anyone's wildest dreams. But there's more to Bilbao than the Guggenheim Museum, and there's much more to the Basques, Europe's oldest people. Cadogan takes visitors through their stunning habitat of velvet green mountains, immaculate villages, vineyards, and ancient holy places. Now in its second edition, this first-ever guide to the entire Basque country (including both the Spanish and French sides of the border), gives readers the lowdown on the Basques' history, culture, ancient language and festivals, and explores the dramatic vistas of the Pyrenees. With Cadogan's expert guidance, experience vibrant Vittoria and live it up in the glittering resort of Biarritz. In this guide... *Find a detailed section on the Guggenheim Museum and its collection, with floor plans, full practical information, and the story behind this remarkable structure* Indulge in some of the world's finest cuisine at Cadogan's choice of restaurants and cafes--over 300 personally selected places to eat* Experience the best of Bilbao's energetic nightlife and surge of new bars, nightclubs, and hotels
