

My Fate for Yours (Crawford)

Work hard, play hard, protect what you love at all costs... For Eamon and Rachel, friendship has always had to be good enough. A safe distance, a guarded heart, nothing more. When Eamon's brother, Tobin, takes off after a nasty breakup, Eamon needs Rachel to help find him. But the more time they spend together, the harder it is to keep the lines of friendship from blurring when they both want something more. When Tobin returns, what was supposed to be a celebratory weekend for Eamon and Rachel, somehow, turns into much more. And as scary as it is, neither one of them know how to let it go. Maybe the answer is that they shouldn't. Or maybe their destiny was decided long before they even met. **My FATE for Yours is a companion book/prequel to My HEART for Yours. Both books were written as stand alone titles and one does not need to be read to follow the story of the other**
