

## Crimson Dahlia (The Svatura Series Book 3)

Lila Jenner left her family to start a new life away from Ramsey Pierce. After decades of rejection, she needs the chance to discover who she is without him. Helping to rebuild relationships between tribes of Svatura is just the opportunity she needs. Determined that the fire raging inside him will never harm Lila, Ramsey denies the magical bond that could be theirs alone. But when an old enemy resurfaces and Lila disappears, he realizes hell do anything to win her back and make her his. However, Maddox, driven by a centuries-old quest for revenge, is stronger than any of them ever imagined. Friends and enemies must band together against this shared threat. Even then, they may discover too late that one dragon is not always enough
