

Cuentos Fantasticos (Spanish Edition)

Aunque toda literatura tiene algo de fantástico, reservamos esa denominación para aquella que no se refiere al mundo que hay a nuestro alrededor, sino al mundo que llevamos dentro. La literatura fantástica es la que hace vacilar los límites de la realidad, la que supone o insinúa que hay otra realidad por encima o por debajo de la que percibimos como nuestra. Se mueve en terrenos poco claros, siniestros, y esta poblada por seres abyectos que, sin embargo, pueden resultarnos atractivos. Nos inquieta y al mismo tiempo nos provoca emociones placenteras. Fantasmas, vampiros, monstruos nos estremecen en nuestras peores pesadillas, pero nos sentimos protegidos de su presencia ante un texto bien escrito y organizado. Atravesemos con estos cinco autores las pantanosas regiones del alma. Quizá podamos librarnos de nuestros miedos interiores.
