

Once You Go Demon (Pure Souls Book 2)

Proving that Big Boss is not without a sense of whimsy, Hells former all-star demon, Jerry Romani, finds himself a traded player in the classic war of good versus evil. Taking up residence in the human shell left behind by the death and damnation of Marc Angeletti, Jerry seizes on the chance both to win a trip to the pearly gates and reclaim the heart of witch Riona Dade. Not pleased with the butt-kicking the Pure Souls served up, Lucifer enlists his fallen angel compatriots, the Grigori, to stir up trouble topside. Time ticks closer to the inevitable: Marcs resurrection as a demon on Earth, and Jerry is determined to protect Riona and his shiny new Pure Soul status at all costs. He quickly finds two thousand years of living la vida demonica arent easily undone, however, and old habits are hard to break. Walking the true path is problematic, and Jerry finds his role reversed when he must convince Riona that its in her best interest to do the same. Even if letting her give into temptation is more conducive to his efforts. And just as Project Woo a Witch starts bearing some forbidden fruit, Destiny delivers one hell of bitch slap. Jerry may have been sent back to Earth to do something Riona cant, something that will ensure the only thing hell be kissing where shes concerned is his ass goodbye.
