

Danger: Memory!: Two Plays: I Cant Remember Anything; Clara (Miller, Arthur)

In *Danger: Memory!* Two contrasting but thematically related one-act plays, *I Cant Remember Anything* and *Clara*, are concerned with remembrance. The first play portrays the shared and disputed recollections of two elderly friends, and *Clara* dramatizes the resistance to brutal present-day fact when a young woman's father speaks with a detective investigating her murder. Like all of Miller's plays, *Danger: Memory!* holds the powerful emotional charge and social perceptions associated with his work while reaching for one of the fundamental issues of mankind, the selective amnesia of the past.
