

Witch Hunt: Of the Blood (The Witch Hunt Series Book 2)

Five novellas based on Devin O'Branagan's bestselling novel, *Witch Hunt*. The anthology begins with O'Branagan's own novella about the Hawthorne matriarch, Vivian. She and her fellow British witches work together to prevent a Nazi invasion during World War II. Then there is Colonial maiden, Bridget, who struggles with the guilt of failing her family in Salem, 1692. Her younger sister, Prissy, mysteriously disappears and finds another magical world. Julia, torn by family loyalties, love, and her spiritual quest, pays a huge price to continue the bloodline. And Miranda uses her powers against the great influenza outbreak of 1918 but finds the ultimate foe is prejudice against her kind. Discover what was left out of *Witch Hunt* and revisit your favorite characters with these exciting novellas. The story isn't done until the battles are lost and won.
