

Mitra (Romanian Edition)

Mitra (The Cleft, 2007) este o cronica fictiva a evenimentelor care au dus la facerea lumii, compusa din frinturile de informatii pe care le are la dispozitie un istoric din epoca romana. Avem de-a face, prin urmare, cu doua epoci apuse, inasa din intrebarile pe care si le pun personajele, ni se sugereaza, cu blinda ironie, ca s-ar putea sa nu fim foarte departe nici in ziua de azi. Claritatea si simplitatea expunerilor obliga cititorul sa revada lucrurile intr-o forma redusa la esential, in special in privinta relatiilor dintre barbati si femei, dar fara sa ocoleasca marile teme si temeri ale oamenilor - vina, riscul, violenta, razbunarea, curiozitatea, increderea; capacitatea de-a ne dori lucruri diferite, schimbarea sau, dimpotriva, inclinatia de-a ne lasa angrenati intr-un sistem, intr-un stil de viata, care doar pare sa dureze o vesnicie. Doris Lessing are o apetenta extraordinara fata de straniile vulnerabilitati ale oamenilor, iar descrierile relatiilor dintre ei sint de o frumusetate cutremuratoare. (The Times) Rasa umana a spus povesti inca de la inceputurile ei. (...) Povestile si spunerea povestilor - iata cea mai pretioasa mostenire pe care o avem. Toata intelepciunea zace in povestile si cintecelile noastre. Prin povesti ne construim experientele. Este cit se poate de simplu: s-a nascut, a trait, a murit. Iata modelul povestilor noastre - un inceput, un mijloc si un sfirsit. Structura exista in mintile noastre. (Doris Lessing)
