

## The Dog Robbers

After the 1945 Battle of Okinawa, US forces built Marine Corps Air Station (MCAS) Futenma atop the rubble of several small towns. Surviving villagers returning home found that an air base now lay across their land. They could only settle nearby, where they remain to this day, waiting. This real-world conflict serves as background for The Dog Robbers. Lieutenant Deuce Riley, a US Navy pilot, is content to be a flight instructor at Naval Air Station (NAS) Pensacola, FL. Then he suddenly ordered to Japan to be an aide to Rear Admiral Brewster Brody, who has become enmeshed in the diplomatic argument over MCAS Futenma. Neither officer is real happy about their assignment, but the result is humor, action, and romance.
