After leaving UpDown, Keereet, Lola, and Gabbo head east, driven by legends and fairy tales. Their destination is Red City, a trade capital at the edge of a distant desert. Here they hope to find any trace of other Avians, where they might have gone, or a way to get Keereet home to the Floating Continent. What they discover is a secret from Lolas past and yet another group of fanatics who hold Keereet to be something that hes not.
