

Enchantments Reach 5: What Lies Within

Volume 5 of the six-part series, Enchantments ReachIt really is very pleasant here at Glancing Memory. Please come. Urch-Malmain is preparing a celebratory banquet in your honour. He is most pleased with your success. We await you ... Harg.Leth could hardly now doubt that the murderous Harg had arrived unharmed at Urch-Malmains Tower of Glancing Memory. Yet he was filled with misgiving. Portals of this kind were both rare and highly unpredictable in nature. And to return was to be in Urch-Malmains demented clutches once more...He turned back to where his two young children lay curled in uneasy sleep. Was he prepared to risk their lives as well as his own by stepping through?Far away, other travellers stood with pounding hearts before a portal of another kind, peering into the unknown. The air in the underground chamber was close and unnaturally lit. Overhead Karai warriors swarmed through the ruined camp. Knowing that in moments she would be discovered, Issul clutched the blue casket of the Orb to her bosom. What choice did she have? Orbelon had cautioned that a Reach Rider might lay waiting on the other side...But she had come this far ...With Orbelon and Shenwolf at her side she entered, for the second time, the glorious oval of trembling, opalescent light, the gateway to Enchantment and all the dangers and mysteries it held...(Cover design and artwork by Alexia Dima and Michail Antonellos.)
