

Erewhon (Illustrated Edition)

- Beautifully illustrated with atmospheric paintings by renowned artists, Erewhon (an anagram of nowhere) is a fictionalized country created by Butler for this brilliant satire on Victorian society. - Just as accessible and enjoyable for today's readers as it would have been when first published over a century ago, the novel is one of the great works of English literature and continues to be widely read throughout the world. - This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text.
