

Exodus

No, three years old Jakob Shrottke from the german village Gussaren on Volga, did not open the gates of Moscow for Hitler in June 1941, and it was unfair to punish the entire population of Volga republic of the Russian Germans for this terrible NKVD slander, along with August Bauer, who was evicted from his home and deported to Kazakhstan prairies, in September 1941 to dig a hole next to the family of gophers to survive the winter. Many winters have followed the first one, and so much happened to Augusto Bauer. Joseph Stalin and his congratulatory telegram, whom he publicly called an asshole ... - but miraculously survived this, the explosion of the first Soviet hydrogen bomb, which he also survived, only a hat on his head caught fire, he raised a virgin soil of northern Kazakhstan, and then, after the Soviet Union collapsed, he was kick out from there to Saratov. It was Yeltsins era and in the Volga region where he found himself, he was told: Get out, fascist - your house is already occupied!. And August Bauer went ... Where did he go and why and with whom he went, and how it ended - it is what this novel Exodus is about (Or EXODUS - if you give the name a Bible meaning). Maybe this story is also a little bit about the Soviet Union, which collapsed, probably because it believed once the NKVD slander about Jacob Shrottke, who allegedly opened from the east a road to Moscow to Hitler ...
