

Feet Of Clay: (Discworld Novel 19) (Discworld series)

Sorry? said Carrot. If its just a thing, how can it commit murder? A sword is a thing - he drew his own sword; it made an almost silken sound - and of course you cant blame a sword if someone thrust it at you, sir. For Commander Vimes, Head of Ankh-Morpork City Watch, life consists of troubling times, linked together bywell, more troubling times. Right now, its the latter. Theres a werewolf with pre-lunar tension in the city, and a dwarf with attitude and a golem whos begun to think for itself, but thats just ordinary trouble. The real problem is more puzzling - people are being murdered, but theres no trace of anything alive having been at the crime scene. So Vimes not only has to find out whodunit, but howdunit too. Hes not even sure what they dun. But soon as he knows what the questions are, hes going to want some answers.
