

Murat (French Edition)

After the interview that has just been related, Murat took refuge with his nephew, who was called Bonafoux, and who was captain of a frigate; but this retreat could only be temporary, for the relationship would inevitably awake the suspicions of the authorities. In consequence, Bonafoux set about finding a more secret place of refuge for his uncle. He hit on one of his friends, an avocat, a man famed for his integrity, and that very evening Bonafoux went to see him.
