

## Confederate Rangers (Lucky Jacks Civil War Book 2)

The Partisan Rangers are devastating the Union. Their raids close to Washington bring fear to all. When they find two spies their world is turned upside down as they are disbanded and forced to join a regular cavalry regiment. They have to contend with new senior officers as well as traitors in their midst all the while having to scout behind enemy lines. A story based on factual evidence from Virginia in 1863.
