

Grim Vengeance

Welcome to the Grim Vengeance Anthology, a collection from Crushing Hearts and Black Butterfly Publishing featuring tales of cryptic and fury-filled efforts that show just how far one will go when there's a vengeful vendetta. Revenge? Whether it is for retribution or for retaliation?be it from the guardian or the renegade?the primal urge to enforce a personal sense of justice lies with every being. Neither man nor myth is free of this drive, and the lengths to which they'll go are vast and astounding and plunge even the purest heart into the darkest depths of depravity. The end result of the violence and mayhem is nothing if not destructive? Nothing if not grim.
